SANTA'S EMBLEM OF GOOD WILL

The Santa Claus emblem of good will reflects the desire to help and make the world a little bit better.

When you buy products and services that display the emblem, you are also showing good will by giving a gift to children in need. The emblem also means that the product or service is a genuine and official Santa Claus Finland service or product and chosen by Santa himself.

Santa Claus's partners produce products and services ethically and with great care.

We at Hile Water Oy are very happy to be part of the Santa's story and the official partner of Santa Claus.

The basis for all our operations is water that is constantly renewing, clean and ecologically extracted from Finnish springs.

Therefore Santa himself trusts our water products produced in Finland.

SANTA'S PROVEN QUALITY

Santa's water has been proved to be the highest of quality, among the cleanest waters the nature has to offer.

Extensive tests on the water source and finished bottled water product are performed regularly.

The reason for these tests is to ensure we are compliant with all bottled water requirements – or even exceed them.

pH	6,6
Calcium (Ca)	12 mg/l
